

Installation Instructions

1. Attach the steel legs to the resonators assembly of the instrument with the M8x60 security screws and lock washers. (See Assembly Guide)

2. Attach Surface Fixing Plates to base of Resonator Assembly (See Surface Fix Post Installation Sheet)

3. Attach the Resonator assembly to the underside to the note assembly by locating plate into pre cut recess using CSK Screws and Barrel Nuts provided (See Assembly Guide)

4. Locate Instrument in desired location and mark holes to fix to desired surface.

5. Fix to Surface using recommended ground anchors not supplied

6. Make sure all fixings are covered and secure using cover caps provided

7. Attach the 1 pair of beater to the saddle strap on the leg. (1.3)

Install Instrument with 1.5m free space (from widest point) around it.
