Description

This is the next generation of the very popular "This shape is a..." play panel. It features 5x large sliding disc shapes that slide effortlessly around the panel. The idea is to slide the discs to the corresponding name. All the sliding discs move easily in channels on the panel which means there are no loose parts to worry about losing or have to be put away each night. Bespoke design options are also available. All AMV Play Panels can be wall mounted or mounted onto posts fixed into the ground. Multiple panels can be installed side by side or back to back. Please ask for further details of the options available.
