This product supports the following areas of child development.

Fine Motor Skills

Tactile Stimulation

Inclusive Play

Understanding the World

Nature Play

Description

This next generation of Today's Date is... Panel has loads of cool new features in one panel. There are 7 sliding day discs, a back-mounted rotating date disc and a small chalkboard panel to write the month on. Not only that, this panel features a second larger chalkboard panel, where the children (or teachers) can write down whose birthday it is on that day. All the sliding discs move easily in channels on the panel which means there are no loose parts to worry about losing or have to put away each night. Bespoke design options are also available. All AMV Play Panels can be wall mounted or mounted onto posts fixed into the ground. Multiple panels can be installed side by side or back to back. Please ask for further details of the options available.
