Games & Puzzles

Description

The Turbo Racer Play Panel has two sliding scoring counters, the dice spinner generates the number of spaces that each player can move forward. The first counter to the end is the winner. This is a fun and competitive game that is great for any playground. The counters are made from HDPE the same as the main panel. All AMV Play Panels can be wall mounted or mounted onto posts fixed into the ground. Multiple panels can be installed side by side or back to back. Please ask for further details of the options available.
