This product supports the following areas of child development.

Description

Cycle Shelter: A simple shelter to protect anything on two wheels, with its depth of more than two metres: protecting bicycles, scooters, mopeds and motorcycles. Feet adjustable to terrain requirements.

Walkway: Assemble the multi-function shelter without siding claddings one after the other to cover your walkway. Feet adjustable to terrain requirements. Optional Cladding ensures pedestrians are protected from the elements on both sides of the walkway.

Structure: A sturdy unit. Framework comprising 80x80mm steel uprights with adjustable feet mounted on base plates. Galvanised and painted finish in our RAL Colours. Canopy made of 6mm translucent anti-UV cellular polycarbonate glazing. LED lighting available on the unit.

Optional Extras

Extension Unit Back Cladding Side Cladding Choice of colours LED lighting Cycle Stands
