Description

Imaginative play structures have been designed as a platform for other designs that you may wish to create by altering the side profiles and changing the graphics, windows and plant-ons. With this product you can change virtually anything including: colours, basic profiles and graphics, you can also add plant-ons and accessories to increase the play value and enhance the visual appearance. The imaginative play range of products are supplied with all the fittings for assembly and can be supplied ready assembled if required. The designs are suitable for freestanding use in the playground, however surface and ground fixing is easy with ground anchor kits (at extra cost).
