This product supports the following areas of child development.

Balancing

Gross Motor Skills

Description

Our Madera line consists of unique playground equipment made of stainless steel with a natural look.

Because of the low height of the Madera Mini swing and its narrow seat, smaller children can also swing on it. At the same time, the curved poles, with the special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything.

BENEFITS

- Play equipment with a natural look for natural playgrounds.
- Transparent play equipment, keeping sight lines open.
- Ropes are available in the colours: red, blue, green and black.
- TÜV certified.
