This product supports the following areas of child development.

Balancing

Gross Motor Skills

Description

Our Madera line consists of unique playground equipment made of stainless steel with a natural look.

The Madera Single point swing has a black basket with chains for several children to swing in at the same time. Furthermore, the Madera Birdâ€™s nest swing is suitable for children with a physical and/or mental disability. At the same time, the curved poles, with the special, strong light-brown coating, stimulate the imagination of children playing, because a curve like that could be anything.

BENEFITS

- Configurable by expanding portals, choice of material and seats.
- Transparent play equipment, keeping sight lines open.
- EPDM rubber is available in multiple colours.
- TÃœV certified.
