## Key Stage:

## Play Values

This product supports the following areas of child development.

Understanding  
the World

## Description

Large map of the United Kingdom showing the counties in different colours with numbers. A great teaching aid for children to learn geography.

This map has been designed in response to the demand from many primary schools for playground based teaching aids. Some schools have asked for their town, city or village to be marked on the map to show exactly where they live, this can be done free of charge upon request.
