Description

A newly developed 'natural' range with early years specifically in mind. Made to our usual high standards and built to last, you can expect many years of learning through play. Reliable and versatile, this range will ensure your outdoor space becomes as much a part of the learning environment as the traditional classroom. This octagonal picnic bench is suitable to seat up to eight infants comfortably. The bench is the perfect addition to any school outdoor space for either break times or engaging group team work lessons. The legs and seating have been reduced in height to suit young children with no protruding pieces to avoid trips and falls in the playground.
