

## Small Babel Drum

Product Code AMVPP-MI-003

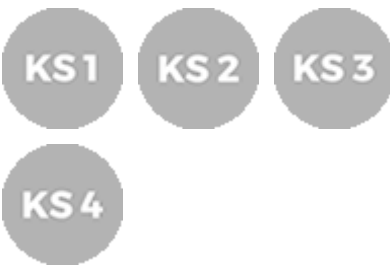

### Price on Application

Price includes FREE delivery to UK mainland (excluding Highlands).

#### Dimensions:

Height 980 mm  
Depth 490 mm

#### Key Stage:

### Play Values

This product supports the following areas of child development.

Fine Motor Skills

Inclusive Play

Auditory  
Stimulation

Musical Play

### Description

This is our smallest and most compact stainless steel tongue drum. This version has six beautiful notes it's very easy to play, requiring only your hands to create a variety of different tones. The small Babel Drum is tuned to a C major pentatonic scale, producing a pure tone that is warm and has plenty of clarity to it. Securely mounted onto a frame, these beautiful drums are designed for permanent outdoor installation. Babel drums should be played with the hands, preferably by striking with the fingers. However, in some locations such as elderly care homes or special needs environments, players could find it more difficult to produce a clear sound with just their fingers and so mallets can be purchased to combat this if required. Perfect for using for music therapy and relaxation.
