Price includes FREE delivery to UK mainland (excluding Highlands).

Dimensions:

Length	280 mm
Height	410 mm
Depth	360 mm

Key Stage:

Play Values

This product supports the following areas of child development.

Fine Motor Skills

Inclusive Play

Auditory
Stimulation

Musical Play

Description

Cajons are attractive, extremely durable outdoor drums. Cajon (pronounced Ka-hon) means "box" or "crate" & originates from Peru. Usually made from plywood, ours has a resonating box made from stainless steel - perfect for year-round outdoor use. Responsive and easy to play with an in-built snare at the top and a low bass sound around the middle the Cajon is perfect for impromptu outdoor street performances. Several Cajons situated together form the perfect drum circle, where teenagers can hang out and have fun making some great music together while getting a few shots for insta! These outdoor drums are perfect for street scenes and less supervised areas where some outdoor musical instruments would not stand up to the harsh environment. Important Note: Cajons should be positioned to minimize sun exposure, either underneath shade or at an angle facing away from the sun. If placed in direct sunlight they may become hot enough to cause contact burn injuries.
