

# Harmony

Product Code AMVPP-MI-008

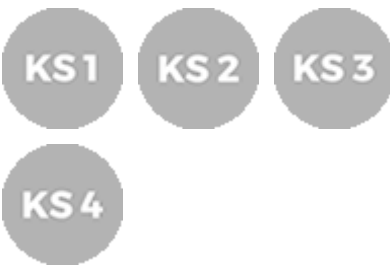

## Price on Application

Price includes FREE delivery to UK mainland (excluding Highlands).

### Dimensions:

Length	640 mm
Height	1386 mm
Depth	885 mm

### Key Stage:

## Play Values

This product supports the following areas of child development.

Fine Motor Skills

Inclusive Play

Auditory  
Stimulation

Musical Play

## Description

The Harmony is based upon a traditional Vietnamese Bamboo xylophone called a T'rung. Elegant, with an irresistibly beautiful sound and resonance, Harmony is perfect for melodic exploration. Like a vertical marimba or xylophone, the eleven thick anodised aluminium tubes are arranged lengthwise, horizontally and supported by heavy-duty nylon coated galvanised steel cables. The notes are suspended harmonically in a C-Major Pentatonic arrangement and produce a sweet, melodic, sound pitched ascending from Middle C. The Harmony can be installed into the ground or surface mounted.
