## Description

One of the most popular piece of children's exercise equipment, the Children's Sky Stepper helps to develop increased balance whilst providing an excellent cardiovascular warm up for the whole body. The Children's Sky Stepper is suitable for all abilities and provides a cardiovascular workout for the whole body. The Children's Sky Stepper provides a workout for arms and legs as well as building strength, flexibility, balance and co-ordination. A smaller version of the adult Sky Stepper. Mimicking the motion of the ever popular Elliptical Cross Trainers found in Health Clubs.

PLEASE NOTE: Colours for outdoor gym equipment has now changed from green and beige to green and anthracite grey.
