Description

Designed specifically for schools, our learning curve range is extremely popular and represents excellent value for money. Its colourful circular seating arrangement creates a welcoming space perfect for playtime chats, outdoor classroom sessions and of course story time.

Made from lightweight yet highly durable plastic, this portable weatherproof design is just as happy being used indoors as it is being left outside all year round... which all adds up to a remarkably versatile school furniture solution.

This is the entry-level model with seating capacity for approximately 12 children and also includes the matching teachers reading chair.
