Key Stage:

Play Values

This product supports the following areas of child development.

Visual Stimulation

Reading & Storytelling

Role Play

Imaginative Play

Co-Operative Play

Communication Skills

Description

The Tractor Trailer with Cow is a great addition to go with Toby the Tractor. Each unit is durably built using high quality materials and unlike most of the competitive products out in the market place, these products do not feature any timber, so they will not rot, crack, split or develop splinters, which is very important when early years children are playing on them. Toby the Tractor and the Trailers can all be purchased separately so you can buy what you need now and add to them later, including a Farm Shop Panel addition. These units are designed to be freestanding, but can also be secured to the ground with optional ground anchor lugs if required.
